

# ***City International School***

**Second Summative Assessment 2015 - 2016**

**Date : 05/04/2016**

**Std : VII**

**Subject : Geography**

**Marks : 60**

**Time : 1½ hrs**

## **SECTION – A**

**Attempt all questions  
(Do not copy the sentences)**

**Q. 1 Fill in the blanks. (6)**

- a. Wind direction is easily determined by a \_\_\_\_\_.
- b. \_\_\_\_\_ is a dynamic process.
- c. \_\_\_\_\_ are the dominant agents of gradation.
- d. The term \_\_\_\_\_ is used for a series of rapids in a large river.
- e. \_\_\_\_\_ is the worlds largest lake.
- f. \_\_\_\_\_ is a group of islands found at the southern tip of South America.

**Q. 2 State whether the statements are True or False. If False, correct the statement. (4)**

- a. The thermosphere lies above the stratosphere.
- b. Winds are named according to the direction in which they blow.
- c. The Eastern Highlands are made of old crystalline rocks.
- d. Atacama desert is one of the driest areas of the Earth.

**Q. 3 Name the following. (Do not copy the sentences) (6)**

- a. It is used to show the strength and direction of the wind.
- b. The part of the Earth where life exists.
- c. Main agent of chemical weathering.
- d. It has a funnel shaped opening at the mouth of the river.
- e. Largest river in the world.
- f. Southern most tip of South America.

**Q. 4 Explain the following terms. (3)**

- a. Mudflow
- b. Wind
- c. Delta

**Q. 5 Give geographical reasons for the following.**

- a. Atmosphere acts like a blanket. (2)
- b. Weathering is a static process. (2)
- c. The Andes acts as a climatic barrier in South America. (3)

**Q. 6 Distinguish between.**

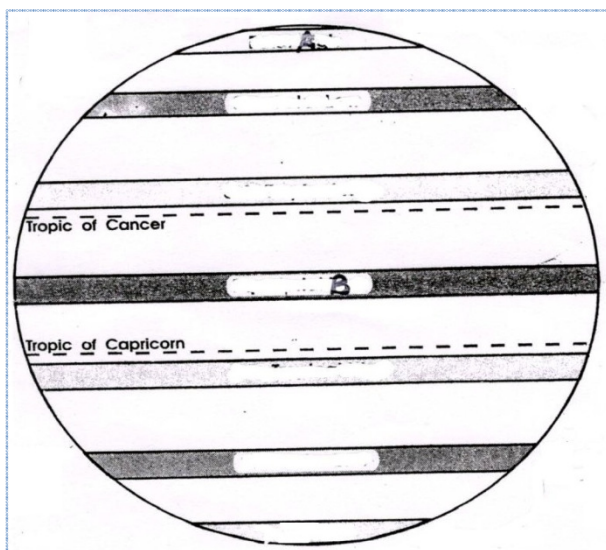

- a. Stratosphere and Ionosphere. (2)
- b. Tributary and Distributary. (2)
- c. Weathering and Gradation. (2)

**Q. 7 Answer the following. (Any 3) (Do not copy the questions)**

- a. All rivers do not form deltas . – Explain. (4)
- b. How does difference in air pressure cause winds. (4)
- c. Mention the factors causing pressure belts. (4)
- d. Write in detail about the Tropical Desert of South America with reference to location, climate, vegetation and animals. (4)

**Q. 8 Observe the diagram and answer the following questions.**

**(Do not copy the questions)**

- a. Name the pressure belt at – ‘A’ and ‘B’.
- b. Mention the degrees of the pressure belt at ‘B’.
- c. Why is the region at ‘A’ – a region of high pressure?
- d. Why is low pressure created at Sub Polar low Pressure belt?
- e. Which pressure belt is also called as ‘Horse Latitudes’?

**Q. 9 On the outline map of South America provided, mark and label the following. (10)**

- |                        |                         |
|------------------------|-------------------------|
| a. Atacama Desert      | b. Isthmus of Panama    |
| c. Falkland Islands    | d. South Atlantic Ocean |
| e. Lake Titicaca       | f. River Orinoco        |
| g. Tropic of Capricorn | h. Brazilian Highland   |
| i. River Parana        | j. Mount Aconcagua      |
